LO: to write an information leaflet about three migrating animals.

What have we written in our plans?

What is migration?

What can we use to help us with our writing?

What is migration?

Migration is when a group of animals leave their homes and go to another place for a certain period of time. Often animals migrate with the changing seasons and travel to lots of different places to find food, to keep warm or to have babies. Many animals need to migrate and they can make the journey by land, air and water. Keep reading to find out more information about three amazing, migrating animals!

What is Migration?

I do

- Writing in complete thoughts
