

L.O. To plan a portfolio
of photographs

We are going to create a
collections of photographs
that will put together and
present.

What could you
photograph in the
class room?

Talk to
your
partner

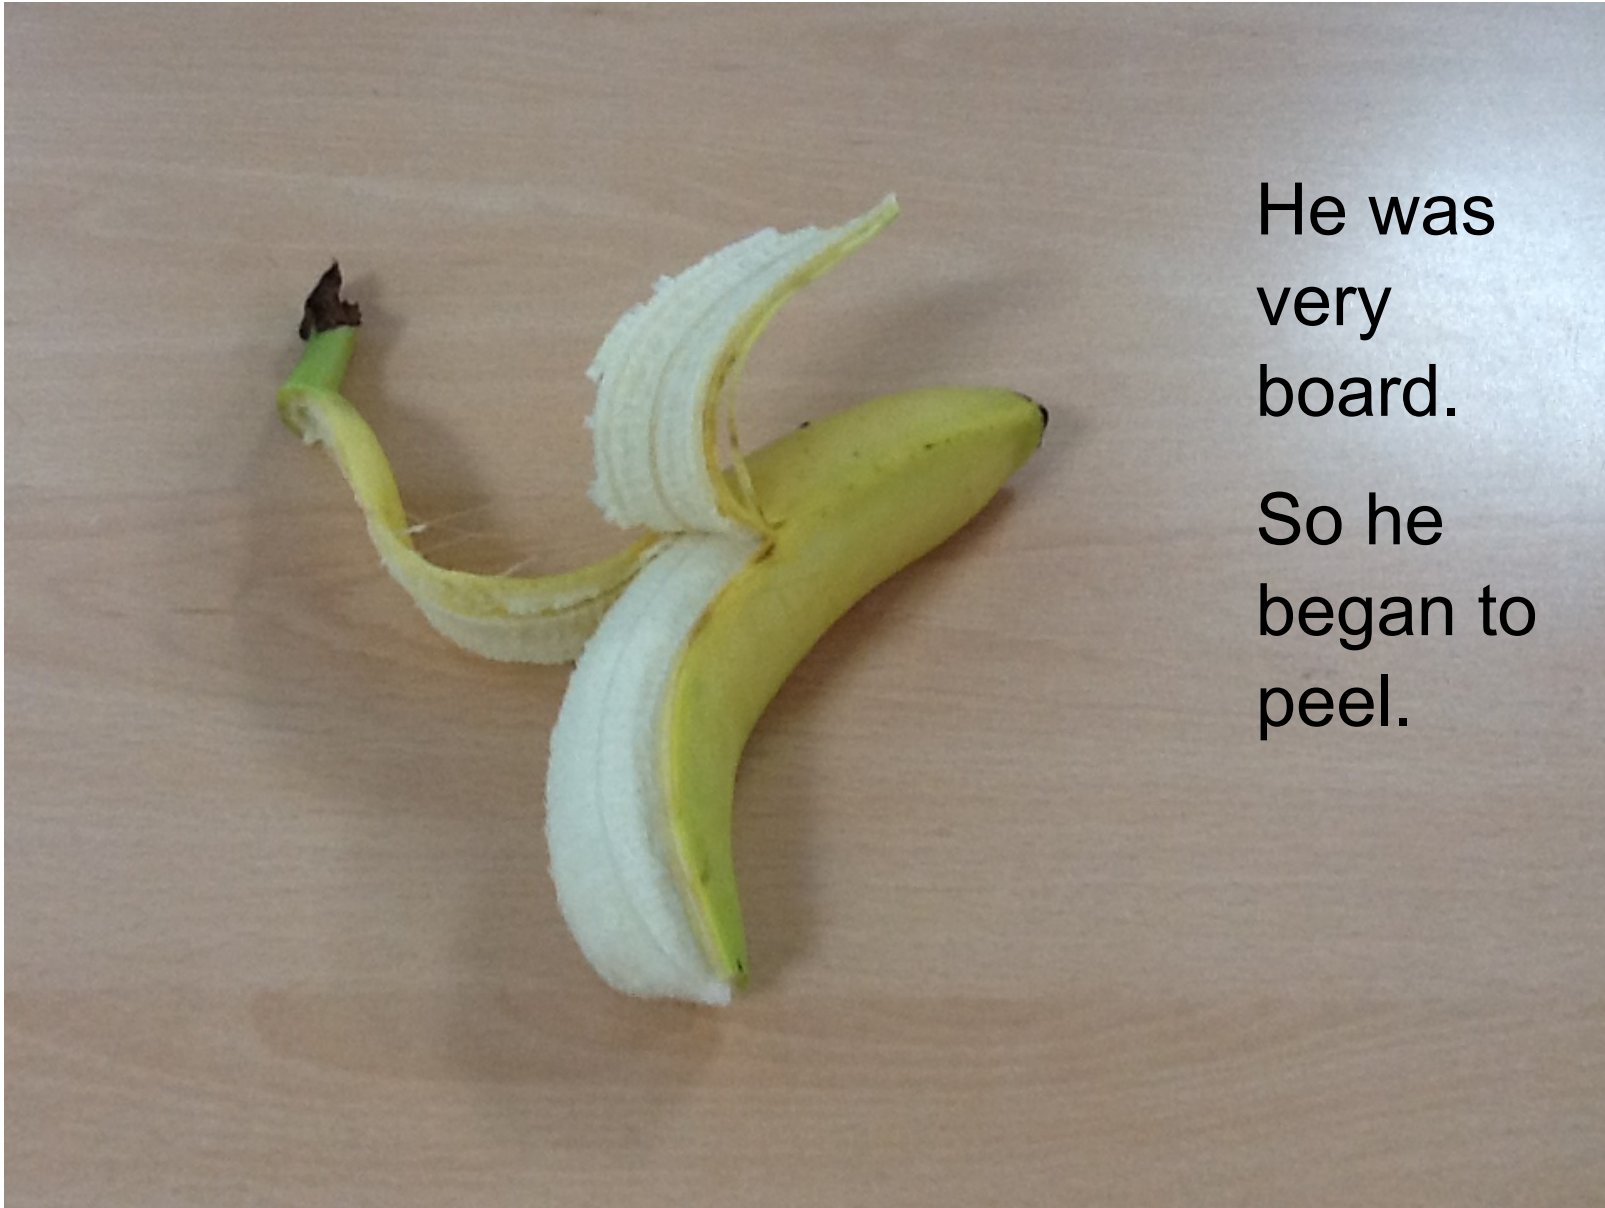

The photographs
that we are going
to take need to
tell a story

What story do
these pictures
tell?

The Disappearing Banana

First there was a lonely
banana

He was
very
board.

So he
began to
peel.

You need to pick an object.

Then you need decide in your pair

What is the object going to do?

Is it going to move?

Is it going to change?
