

L.O. To take good quality
photographs that tell a
story for a portfolio

Key Vocabulary

portrait

landscape

blurry

lighting

close up

mid shot

Focus

quality

last week, we chose the
item or object we were
going to photograph to
tell a story and we made
a plan of our
photographic story

This week we will use our plan to take our pictures

First , lets recap what makes a good photograph

Can you tell which photograph is good and which one is bad?

why?

What else do we need to think about when taking photographs?

(Hint - Look at the key vocabulary to help)

*watch these clips
or some more tips on how
to take a good
photograph*

Now look at your plan, make sure you have the items or objects you will need.

Now follow your plan and take your photographs.
