LO: to read and re-tell a good example migration story

What is migration?

What is the book we are reading?
Who is the author?

Let's read the story (Good Example)

Think about:

How does this link to migration?

What is the animal that is migrating?

Why are they migrating?

Where do they go?

What problems happen?

Read through the text and re-tell this with your partner.

Can you re-tell this without the words?

What have we done today?

We read our story 'A Swallow's journey'.

We talked about the migration in the story.

We then re-told the text and practised reading this out loud.
