LO: to identify technical vocabulary

Let's read the Book

What is the book about?

What is it telling us about plastic?

Let's read it again

This time, say stop when I get to a word that you don't recognise.

Which words are tricky to understand?

What do these words mean?

biodegradable

environment

factory

recycle

What do these words mean?

biodegradable – a chemical process where something is able to be broken down

environment

factory

recycle

In your books write the word and its meaning

biodegradable

environment

factory

recycle

I do

biodegradable - a chemical process where something is able to be broken down

environment

factory

recycle

We do

biodegradable - a chemical process where something is able to be broken down

environment - All our surroundings

factory

recycle

You do

biodegradable - a chemical process where something is able to be broken down

environment - All our surroundings

factory -

recycle -

Now, pick one of the words to write in a sentence.

Make sure you are using the word correctly.
