LO: To plan a story

Where did we finish in the last lesson?

Our new characters

The problem

1 failed solution

Invention idea

We are going to use our ideas and plan them on a planning template

Problem	Why	Bad invention	Good invention
Wants to go ice skating	Might get hurt if falls over	penguin skating aid - used for young children and doesn't want to appear childish	Bubble ball - will provide protection if falls, can still be seen without looking silly

	Good Example	My plan
Beginning Character and problem	<ul style="list-style-type: none"> • Queen Victoria • Prince Albert • Lady-in-waiting • Wants to swim in the ocean but it is not right for a queen to be seen in her bathing suit. 	

<p>Middle 1</p> <p>Someone offers to help</p> <p>First idea</p>	<ul style="list-style-type: none"> • Prince Albert offers to help by inventing and invention • Thinks about making a catapult to throw Queen Victoria from her bedroom window into the Atlantic <u>ocean</u>. 	
---	---	--

Middle 2	Comes up with the idea of a bathing machine - a little room to get changed in and then be wheeled into the water.	
Second idea		
Invents and builds invention	Orders all the servants to bring him materials and help him build the bathing machine.	

Uses the invention
Happy ending

Queen Victoria is excited to use the bathing machine. Her lady-in-waiting helps.

Dives into the sea and spends all day playing and swimming in the water.
