LO: To plan a story

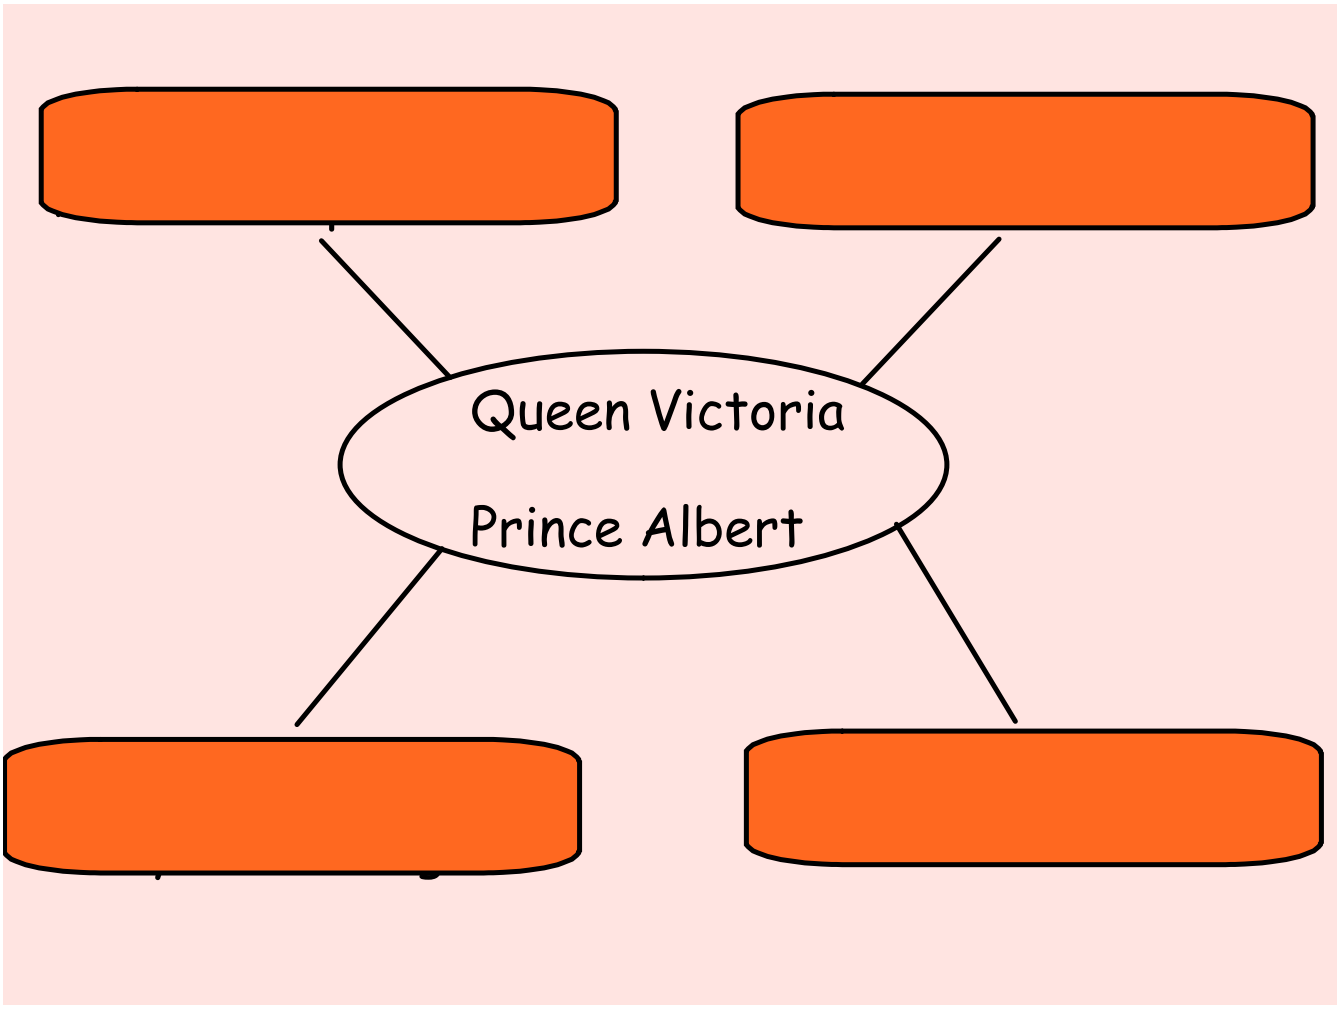

Queen Victoria's
BATHING MACHINE

Today we are going to think about and begin to plan our own story about a Queen.

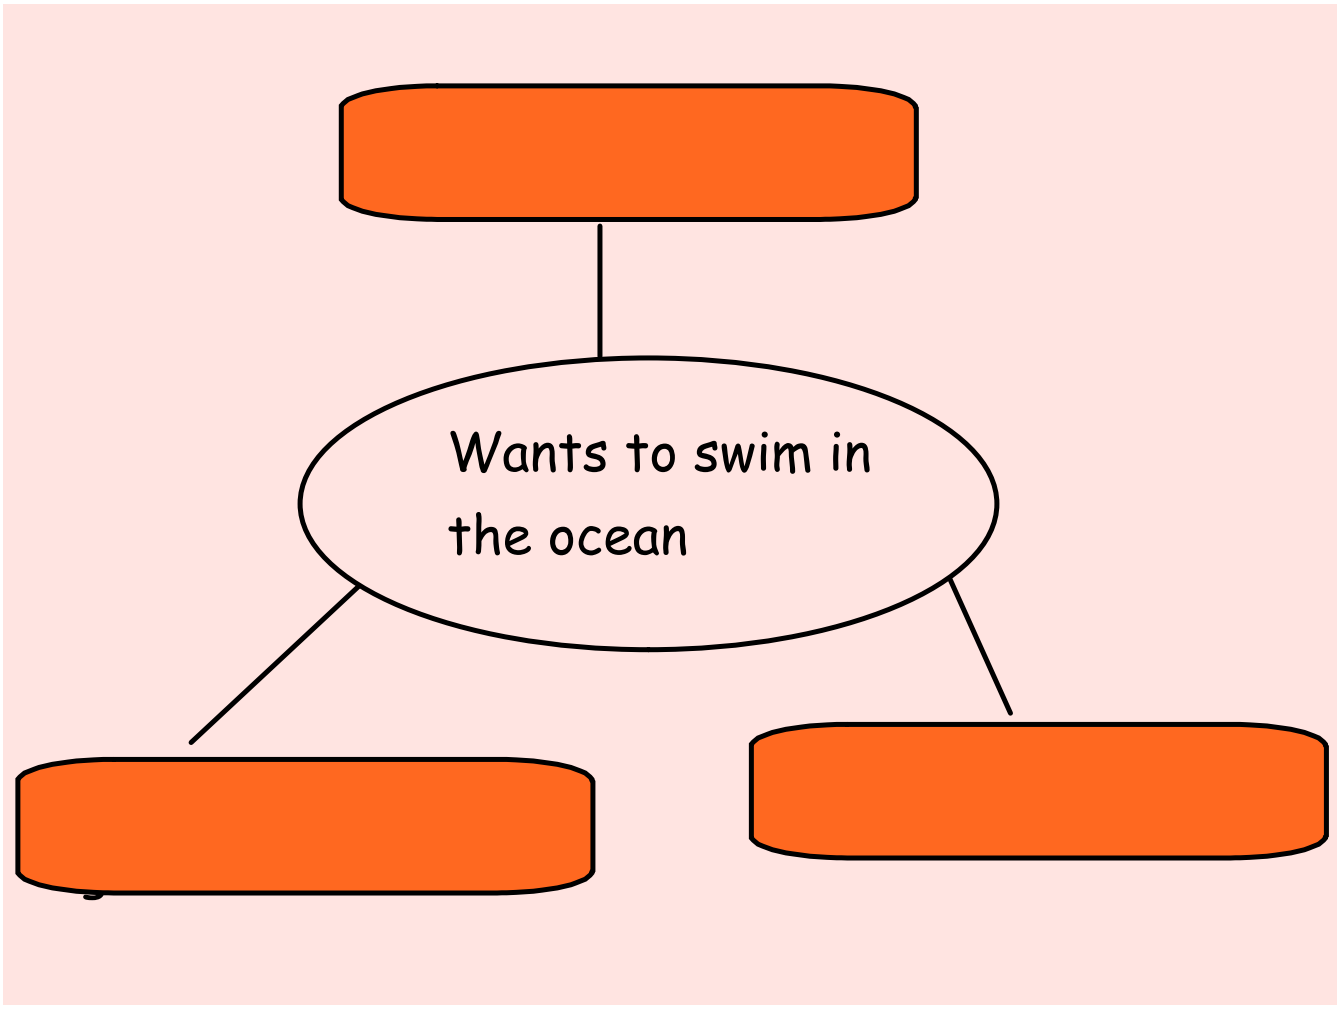

TTYP - and talk about how our Good Example is deconstructed into sections.

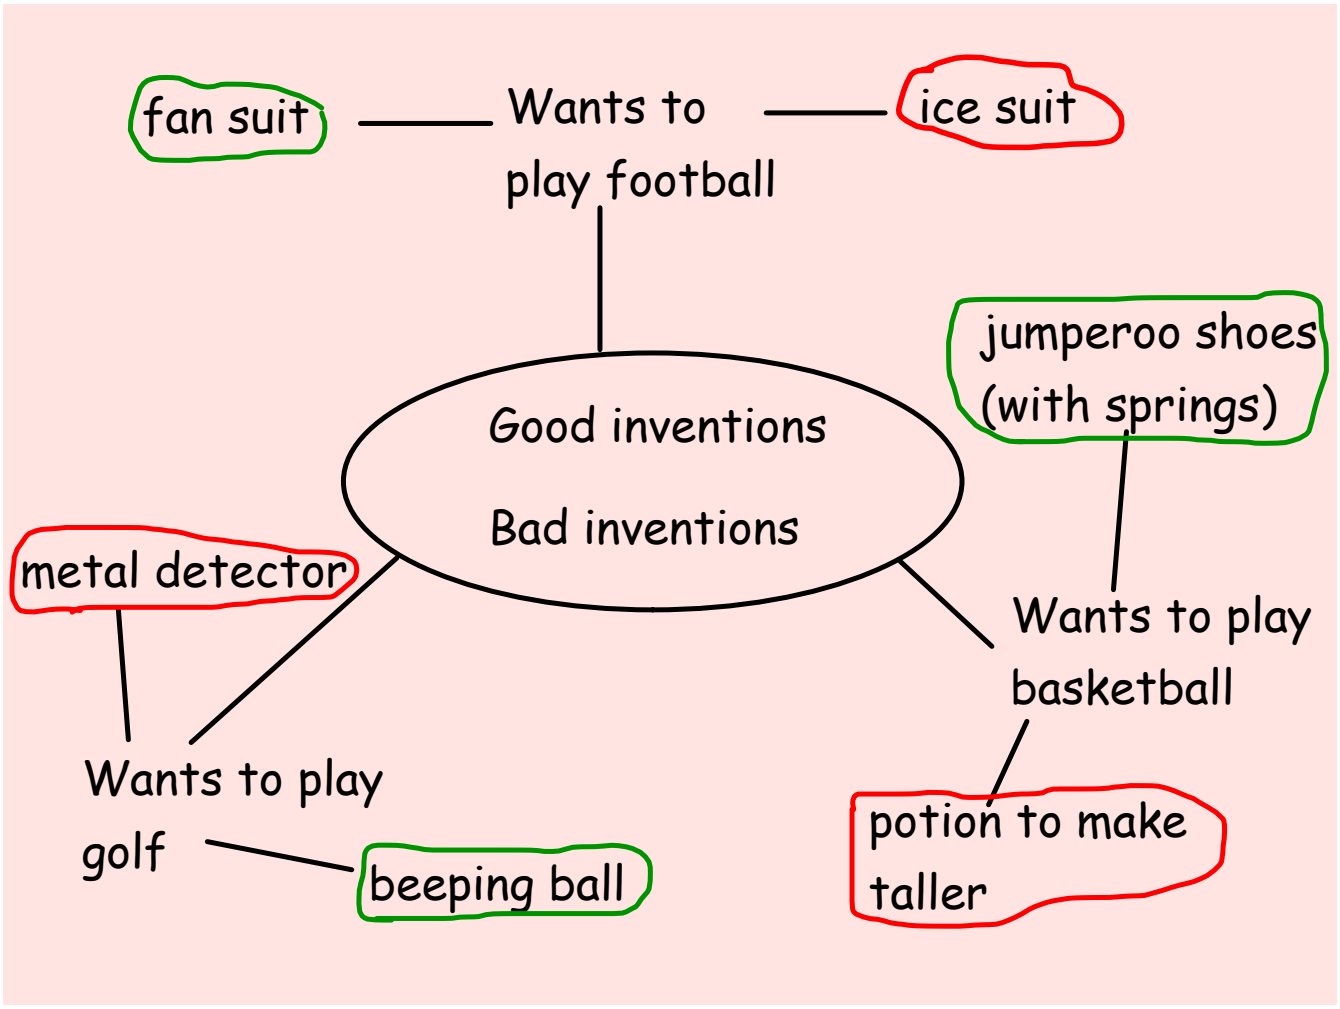

What characters are in the Good Example?

What characters could we have in our story?

Queen Victoria
Prince Albert

What was the problem?

Wants to swim in the ocean

fan suit
Wants to play football
ice suit
jumperoo shoes (with springs)
Good inventions
Bad inventions
metal detector
Wants to play basketball
Wants to play golf
beeping ball
potion to make taller

Problem	Why	Bad invention	Good invention
Wants to go ice skating	Might get hurt if falls over	penguin skating aid - used for young children and doesn't want to appear childish	Bubble ball - will provide protection if falls, can still be seen without looking silly

Your turn

Decide on your problem and why it is a problem

Problem	Why

Wants to play football

Wants to play golf

Wants to play basketball

Your turn

Decide on the bad idea for a solution and why it is a bad idea

Bad invention

ice suit

metal detector

potion to grow taller

Your turn

Decide on your good idea for a solution

Good invention

fan suit

beeping ball

jumperoo spring shoes
