Friday's Challenge

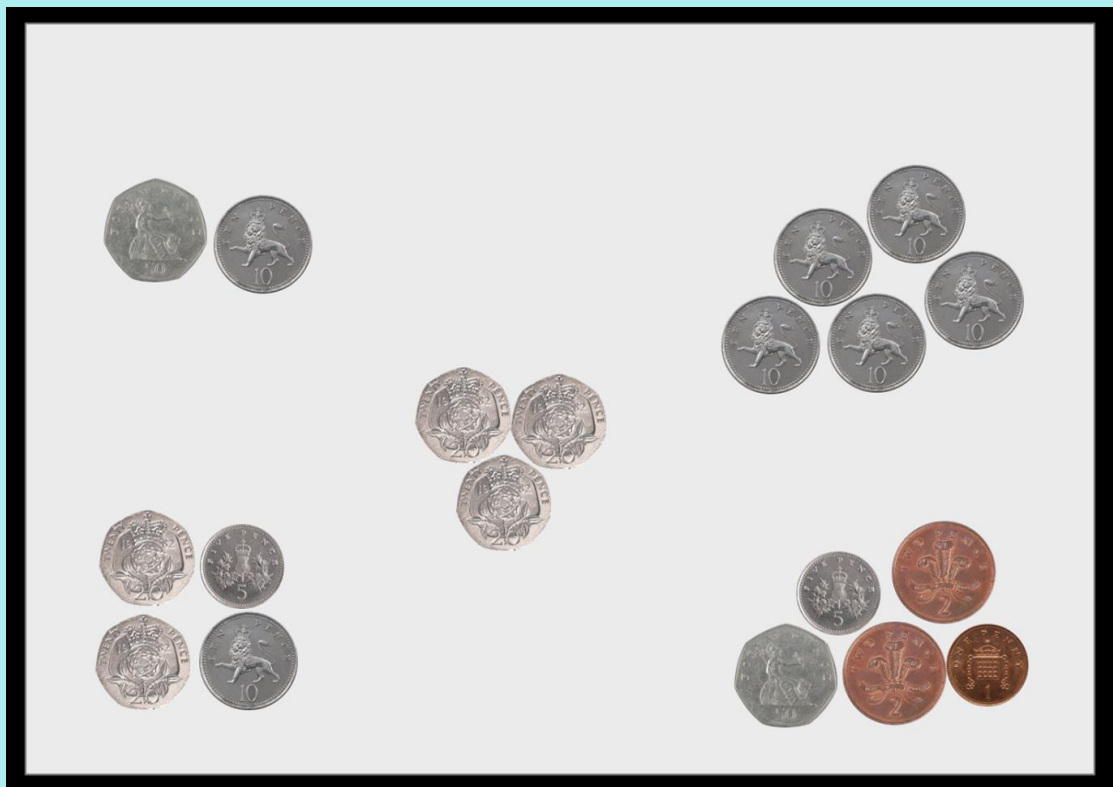

Rose has one note and four coins

The total she has is £10 and 40p

What notes and coins might she have?

Find three possibilities

Which coins show 60p?

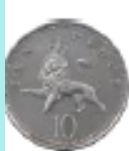

I do

Circle the coins needed to make the same amount as shown in the box

We do

5b. Circle the coins needed to make the same amount as shown in the box.

VF

You do

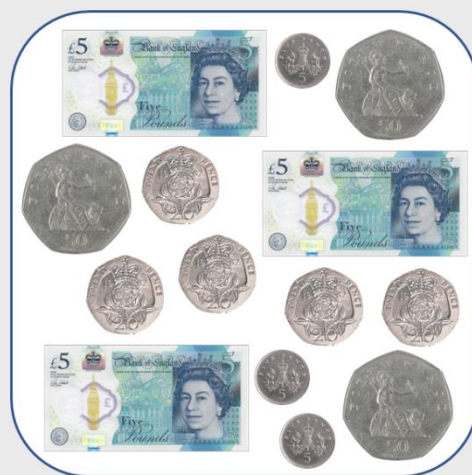

5a. Circle the coins needed to make the same amount as shown in the box.

VF

We do

True or false. Both boxes contain the same amount.

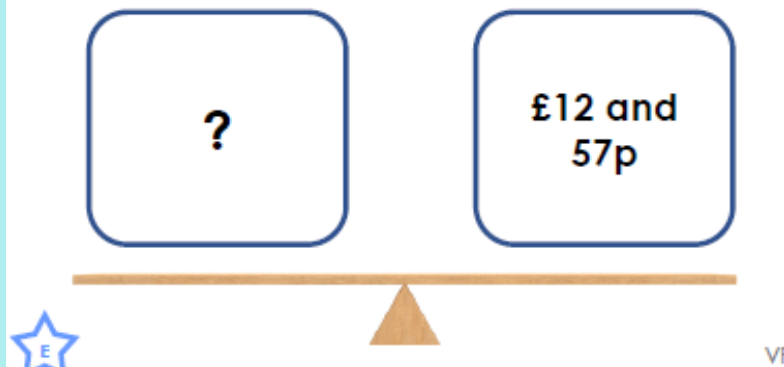

You do

6b. True or false? Both boxes contain the same amount.

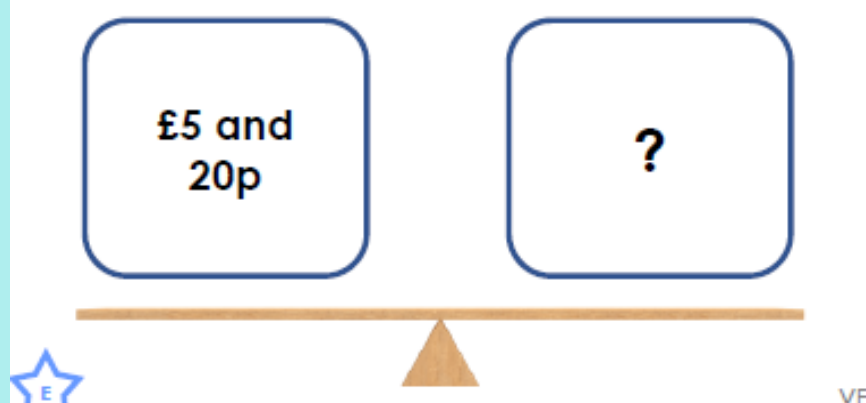

We do

8b. Balance the scales by drawing coins or notes to make the same amount.

You do

8a. Balance the scales by drawing coins or notes to make the same amount.

## Challenge

We do

3b. Teddy has the following coins:

He says it's impossible to make the same amount using exactly 2 coins.

Is he correct? Convince me.

Teddy is  because

## Challenge

You do

3a. Lauren has the following coins:

She says its possible to make the same amount using exactly 5 coins.

Is she correct? Convince me.

Lauren is  because
