phenomenon - method of camouflage

emitting - time between day and night

twilight - group of interacting organisms and their environment

counterillumination - bright

ecosystem - animal with a backbone

Glossary

Strategy

- Look at each part of the word.
- Look at the pre-fix/suffix of the word. Does this tell us anything?
- Read the full sentence again. Is the word used as a noun, verb or an adjective?
- Is the word similar to another word you are familiar with?

luminous - bright

vertebrate - animal with a backbone

phenomenon - fact or situation that has been seen to exist

emitting - produce

twilight - time between day and night

counterillumination - method of camouflage

ecosystem - group of interacting organisms and their environment
