Review your plan.

1. Do you need to add or edit anything?

2. Which parts of the narrative would focus on description? Why?

LO: to use figurative language.

Simile

Similes are used to compare the characteristics of two unlikely things using the words like, as, than and as if. This comparison is intended to make a description more vivid.

E.g:

"He is as quiet as a mouse."

"The boy was as brave as a lion in the jungle."

"The new puppy was sweet like a pie."

Metaphor

Metaphors are a form of figurative language that compares common characteristics of two unlikely things by implying that one thing is actually another. Unlike similes, metaphors do not use the words “like” or “as”.

E.g:

“She is a ray of sunshine.”

"All the world is a stage."

“Time is money.”

Personification

Personification is when the writer gives human characteristics or actions to non-human things such as objects or animals.

E.g:

"The leaves danced on the trees."

"That last piece of cake is calling my name."

"The sun smiled and hugged us with its warmth."

I do

Before	sprinted across rutted tracks, fields pursuing a van branches scratched her face over ditches, dodged tree branches, climbed over barriers Determined, anxious - nausea, stomach in knots, heart began to race winding streets slowed her pace tired- legs ached, panting stumbled in to a clearing
During	motionless ghost-like faces stared begging for food sorrowful eyes shattered window breathed in powerful gusts of wind barbed wire moaned silence echoed hungry eyes
After	scared and ran home felt a sense of responsibility Pity Anxious Wanted to help but how? Collect food, clothes Keep it a secret
