Monday

True or false? Look at the number sentences and decide if they are true or false?

half of 10 = 5

Double 3 is 10

3 + 4= 7

8- 4= 6

Last week we were learning about halving. You have to share objects into 2 groups and them have equal amounts.

We can also share things into more than 2 groups.

Here are 12 pencils. 

Can you share 12 pencils on 3 plates and have the same amount on each plate?
