

Self-portrait collage

You are going to be making a self-portrait collage.

Think about what materials you have around the house that you could use:
*recycling
*old material
*old newspapers/magazines
*craft material

Self-portrait collage

The next few slides show some examples of what you could use and what your portrait needs to show.

Using your photograph

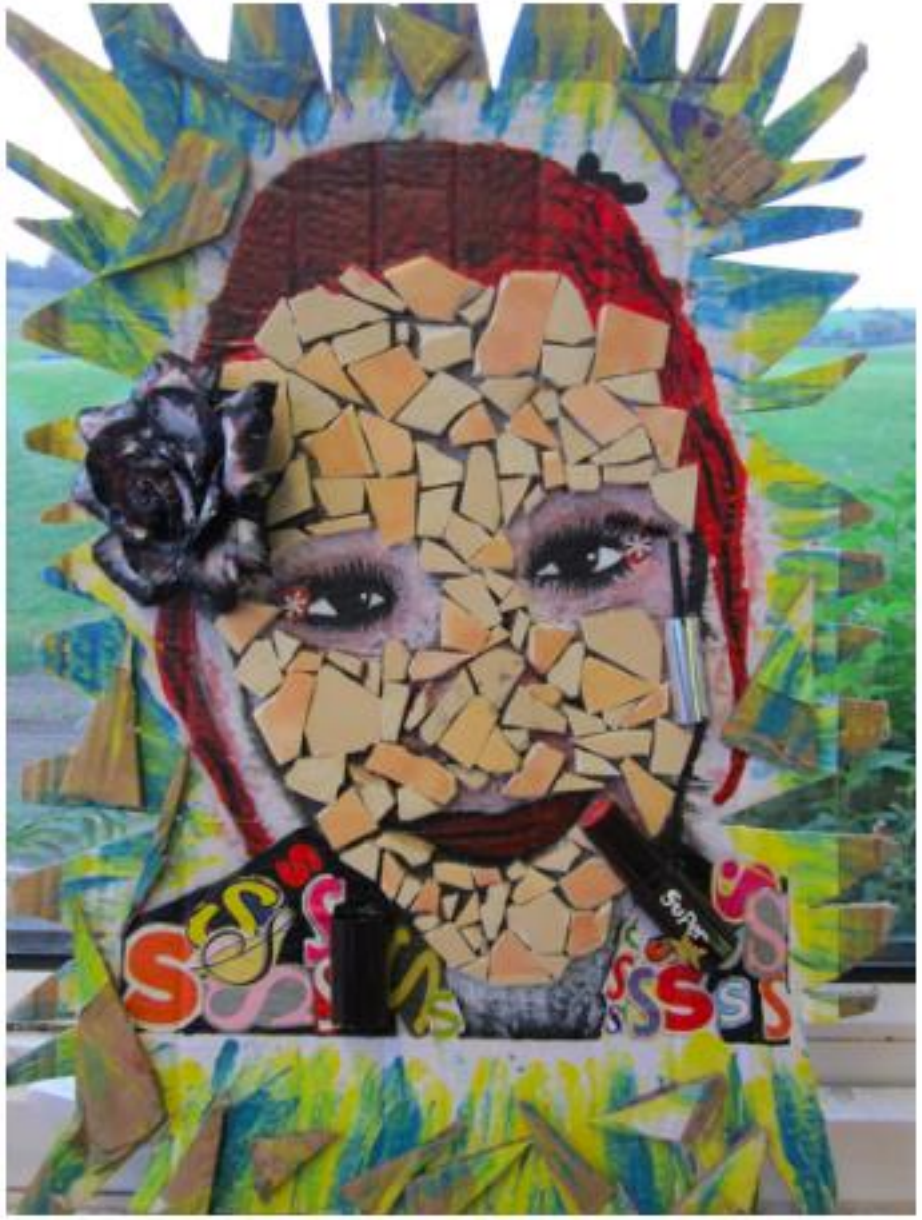

Choosing colours carefully to create light and shade.

Choosing materials to create texture.

Communicating your interests

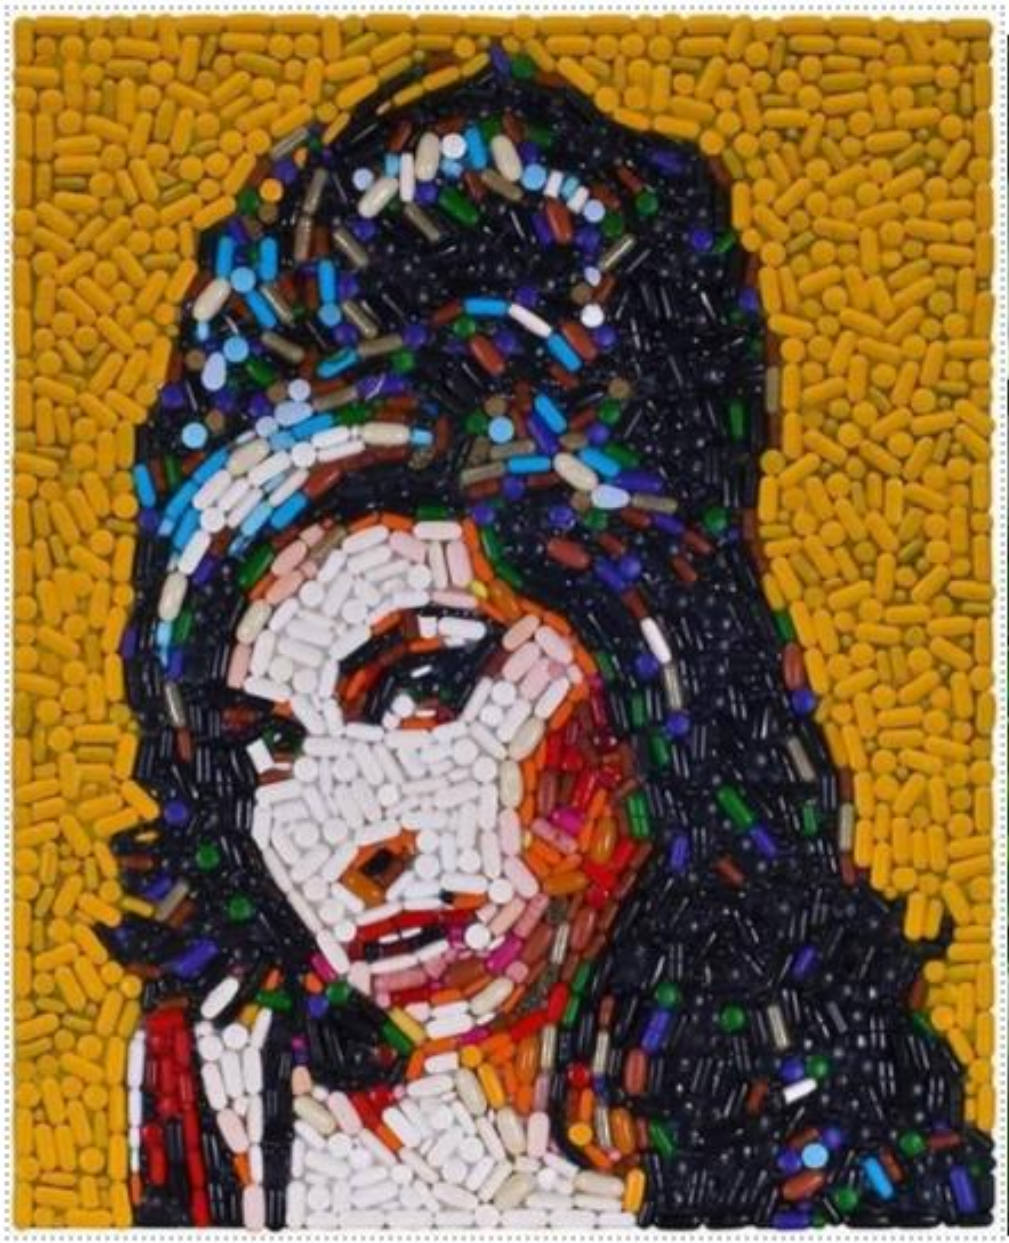

Communicating your personality

Abstract?

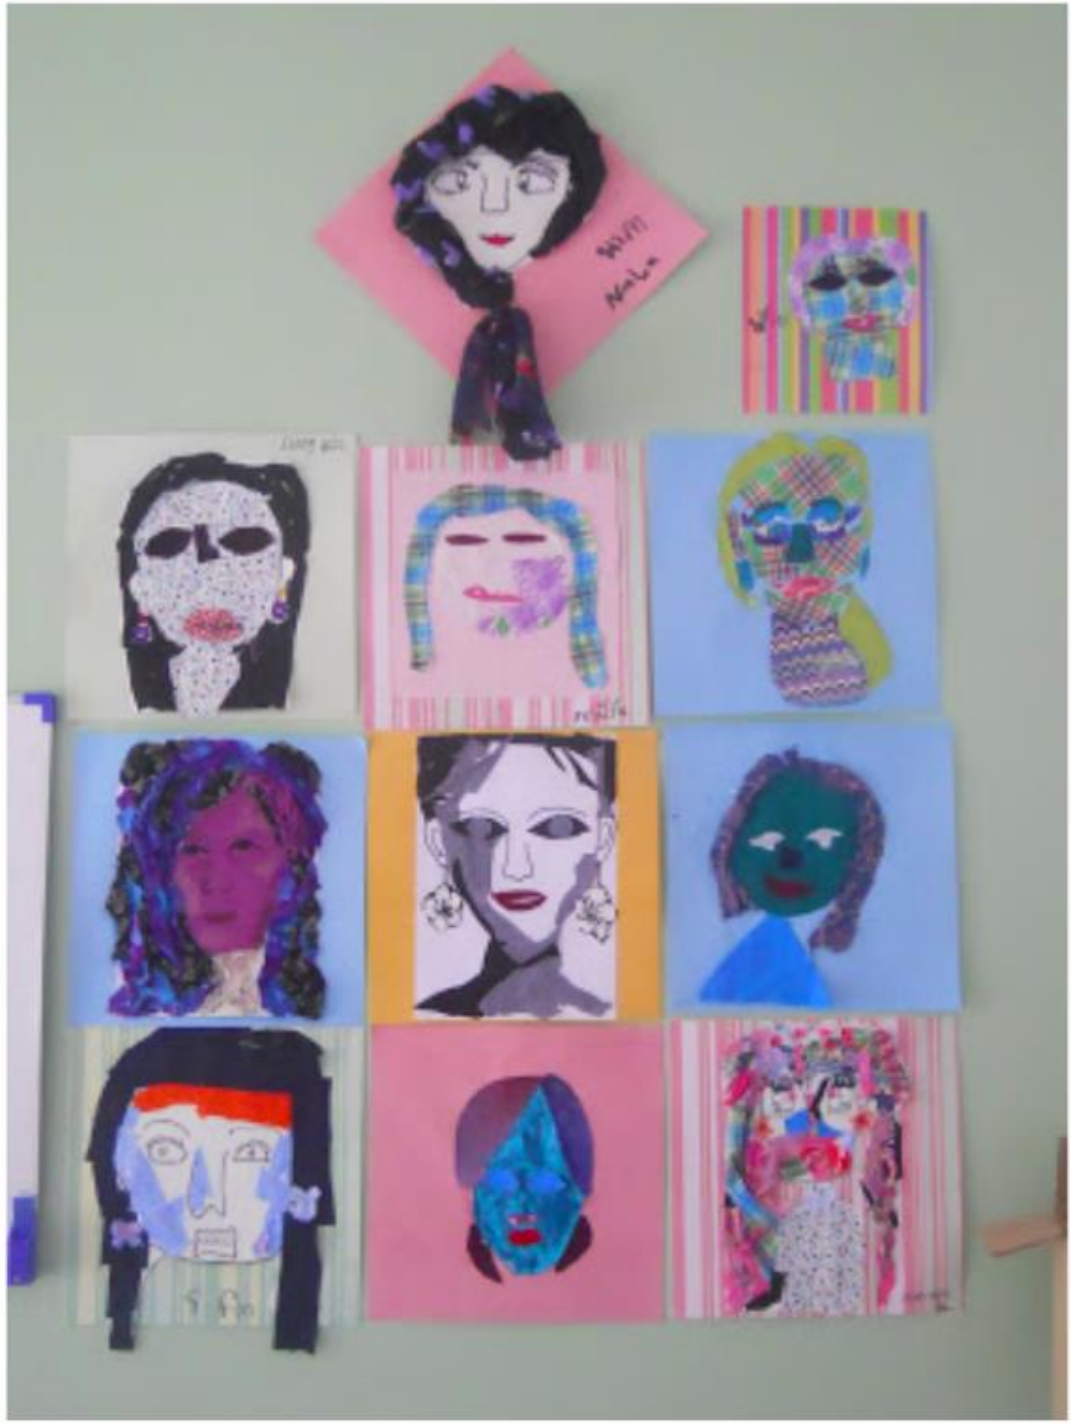

LADY GAGA

CHASE

Self-portrait collage

Sketch your design of your portrait.

Use the work of other artists to inspire you.

Remember to think about the materials you will use, the colours and how you will show your personality.

Don’t forget to plan your background as well!
