LO: to create a factsheet of the human and natural features of Florida

Florida

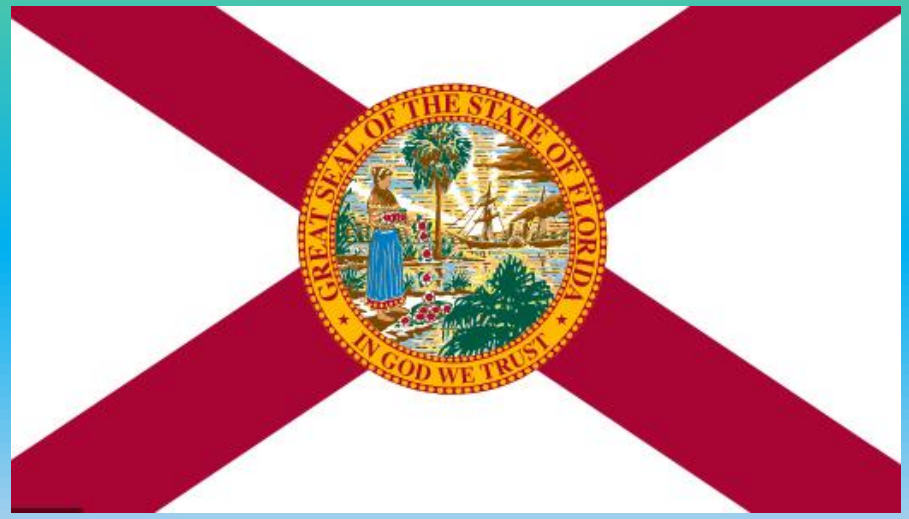

Today we are going to recap the human and physical features and create a fact file using the map of Florida.

Read the text

Read the text with your partner – take it in turns to read a sentence or paragraph.

On your text, highlight the answers to the following questions...

1. What are the four main land regions?
The coastal plains, the uplands, the Everglades and the Florida Keys

2. What is the largest freshwater lake in Florida?
Lake Okeechobee

3. What are the largest rivers in Florida?
The largest rivers in Florida are the St. Johns River, the Choctawhatchee River, the Escambia River, and the Apalachicola River

4. Where is the only place in the world where crocodiles and alligators live together?
The Everglades

5. Why is central Florida also known as the lightening capital of the Untied States?
Central Florida is known as the lightning capital of the United States, as it experiences more lightning strikes than anywhere else in the country

6. What is the capital of Florida?
Tallahassee

7. What is the city with the largest population?
Jacksonville

8. Where would you find Disney World?
Orlando

9. Why do tourists visit Miami?
The beaches, the weather, the nightlife and the Everglades

You are now going to start making your fact file.
Stick your map of Florida in the middle of a double page.
Using digimaps, find and label:

1. Tallahassee
2. Jacksonville
3. Orlando

Use the pictures and also write at least one fact for each.

Tallahassee

Tallahassee is the capital of Florida.

we do

Jacksonville

Orlando

Orlando is home to one of the world's largest tourist attractions – Disney World. According to estimates, the Magic Kingdom welcomed 20,963,000 guests in 2019!

Continue your fact file and label the following human and physical features. Don't forget to use lots of facts and pictures! You will not be able to find all of the features on digimaps so you will have to use google.

1. Tallahassee
2. Jacksonville
3. Orlando
4. Miami
5. The Everglades
6. St. Johns River, the Choctawhatchee River, the Escambia River, and the Apalachicola River
7. Lake Okeechobee
8. Manatees
9. The Atlantic Ocean
