Stories, playing, being outside
The dark, sharing food

Kind but cries

Zelda is nice enough: she's kind, she likes my stories, she's fun. Unfortunately, when you're on a journey to find your parents and book hating people keep burning things, those attributes are just not enough.

I decide to share the small amount of bread Mr Kopek gave me – I let her pick a piece off first. She nearly takes it all. I don't say anything, she's only little; maybe her parents didn't have time to teach her about sharing. Stop it Felix. I can't be thinking about parents right now, I need to make a plan. None of my other plans had included a small child who won't stop crying.
