- Where have the stars come from?
- What will happen next?
- Can you describe the boy's feelings?
- What do they do with the stars?

complete the
Powerpoint
simile activity.

To improve our sentences further, we can start with a simile.

e.g. As curved as a ball, the moon shone brightly in the night sky.

Using the similes from earlier, improve them by starting the sentence with a simile.

Focussing on this picture when the star falls from the sky, write a descriptive paragraph using similes at the start of a sentence.

Don't forget, an adult at home can e-mail your work for us to have a look at and comment!
