Thursday

Today we are starting to plan our own story. We are thinking about who our characters will be and where our story will be set. Discuss the two questions below with your grown up.

1. What is a character?
2. What is a setting?

A character is a person or animal in the story.

A setting is where the story happens.

Here is my story plan

Characters

fairy

rabbit

Setting

tree house

Can you draw and label the characters and setting you have chosen for your story?

You can be as adventurous as you like. Use your imagination!
