LO: To answer questions using evidence from the text

What strategies can we use if we find unfamiliar words that are not in the glossary?

Strategies

- *Look at each part of the word.
- *Look at the prefix/suffix of the word.
Does this tell us anything?
- *Read the full sentence again. Is the word use as a noun, verb or an adjective?
- *Is the word familiar to another word you are familiar with?

Partner 1 read first section of the text while
partner 2 follow the text with the ruler.

Swap roles after each section

As you are reading the text, answer the following
questions.

1. Why did Olympia became the setting for the first Olympic games?
2. By around 200 BC, what was thought to be 6 meters high?
3. In the Ancient Olympic Games, why was the running track 192 meters long?
4. What was the only two rules of 'Pankration'?
5. Why were the Ancient Olympic Games cancelled?
6. Whose efforts helped in organising the first Modern Olympic Games in 1896?

As you are reading the text, answer the following questions.

1. Which country does Christian Eriksen play for?

Denmark

2. Which team was Denmark playing when Christian Eriksen collapsed?

Finland

3. What treatment did Christian Eriksen receive during the match?

CPR and a machine called a defibrillator

4. What happens when someone gets a cardiac arrest?

Heart suddenly stops pumping blood around the body so, brain stops getting oxygen and this causes someone to fall unconscious and stop breathing.

5. What does a defibrillator do?

It gives a small shock the heart to help it return back into a normal rhythm.

6. Where can we find public access defibrillators (PADs)?

They are available to public at shopping centres, sports stadiums and train stations across the UK.
