Point to each numeral and say what it is.

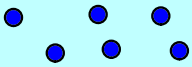

18 13 16 15 20 11 12 14 19 17

Apr 8-20:43

When we share something into 2 groups, it is half.

We can also share into more than 2 groups.

We can share objects into different amounts.

Apr 8-20:46

Here are 10 objects.

Can you share 10 objects into 2 groups?

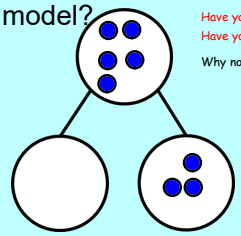

5 groups?

3 groups?

Why can't we share them into 3 groups easily?

Apr 8-20:46

Can you write the missing number in the part whole model?

Have you shared the objects equally?
Have you got half?

Why not?
