L.O: To answer questions by using evidence from the text.

Benchmarking!

Can you move up a level?

The text this week is
'Tracking Giant Petrels'

Scan over the text.

What type of text do you think it will be?

Why do you think this?

Read the text out loud.

Without looking back, can you retell
the text?

What was the female mate doing while the male was sitting on the nest?

I
do

Explain how the transmitter was attached.

We
do

1. What was the weather like the day before this journal entry?

2. Why did the scientist replace the fragile egg with a wooden egg?

3. Why was the scientist careful when she attached the transmitter to the bird?

4. Why will the transmitter only send out data for up to 115 days?

5. Why do scientists around the world monitor the movement of different birds and animals?

6. Replace the adjective 'precise' in this sentence: The transmitter will send data on this bird's precise location.

1. What was the weather like the day before this journal entry?

(wet / It had rained.)

2. Why did the scientist replace the fragile egg with a wooden egg?

(so that the real egg wouldn't get broken)

3. Why was the scientist careful when she attached the transmitter to the bird?

(so the bird wouldn't attack her / so the bird wouldn't pull the transmitter off)

4. Why will the transmitter only send out data for up to 115 days?

(because the battery goes flat after that / because the battery needs to be replaced)

5. Why do scientists around the world monitor the movement of different birds and animals?

(to track migration patterns / to get accurate information about different species)

6. Replace the adjective 'precise' in this sentence: The transmitter will send data on this bird's precise location.

(exact / accurate / specific)
