L.O: To use figurative language.

We do

Make notes on your whiteboard, re-telling the story so far.

Let's read the next part of the story together.

I am going to read the last 4 pages again.

When you hear a word/ phrase used to describe the noises that can be heard - write it down on your white boards.

Let's share the words or phrases we have collected and put them on the Working Wall.

We can use figurative language to describe the noises to the reader.

We are going to focus on personification in particular!

Personification

When you give human qualities to an object or animal.

The pie was calling her name.

The door protested as it closed.

I do

Let's use the descriptive words from the text to help us write some personified sentences.

thumping

The walls were thumping like a fist against a table.

We do

In pairs, use the descriptive word from the text to write a personified sentence/s.

yowling

I do

Let's create a descriptive piece of writing describing what can be heard in the walls - with a focus on personification.

Let's create a descriptive piece of writing describing what can be heard in the walls - with a focus on personification.

But soon enough she closed her eyes, and she was fast asleep.

In the middle of the night, there was peculiar noise coming from inside the walls again. Startled, Lucy awoke. Her eyes darted around the room like bullets but the room was filled with a blanket of darkness.

The walls were jumping out at Lucy. The scrambling, rambling, rustling was all that she could hear.

We do

Write the next 2/3 sentences describing what Lucy can hear. Include at least 1 example of personification.

You do

Write a descriptive paragraph/s about what Lucy can hear from the walls. You must include at least 3 examples of personification.
