

# Playing with Numbers

Start with £100 000. Roll the di and move the amount of spaces on the gameboard. If you land on a payment box, take away the amount from your budget. The person that has the largest amount by the end of the game wins.

|                                                                                                          |     |                                                                                                          |                                                                                                          |                                                                                                           |                                                                                                          |                                                                                                            |                                                                                                            |     |                                                                                                            |
