L.O: To use direct speech.

Read up to "or we could go back and live in our house again," said Lucy.

You will be given a character either: We do

Mum Dad Brother Lucy

What do we know about each character?

What are their opinions?

What do they like to spend their time doing?

When you have answered these questions share
with the rest of your group and add to the
collective sheet.

I do

Let's use what we know about the characters to create an extended dialogue between the family around the campfire.

I do

"We could go live on a desert island," her father told them all that evening as they sat around the camp fire. Putting his head in his hands, he was looking increasingly anxious.

Lucy's brother glanced over at his father. Was he serious? "How will we survive on a desert island, Dad? We have nothing to take with us, what a stupid idea!"

"I would have my tuba, that is all I need," Dad replied whilst giving his tuba a clean.

We do

Write a reply from one of the family members.

Remember:

- Check the dialogue is punctuated correctly
- Use what you know about the family members

You do

Write a conversation between the family around the camp fire.

Use the ready made dialogue to improve if you are struggling.
