

How many in the empty circle?

How many in the empty circle?

How many in the empty circle?

Today, can you make your own set of number cards to 20?

Put your number cards in order from 0-20.

Turn over a card, and ask a grown up to say which card is missing.

Now ask a grown up to turn over 2 cards while you close your eyes!

Which numbers have they turned? Repeat this activity and have fun!
