Clay Sculpture Techniques

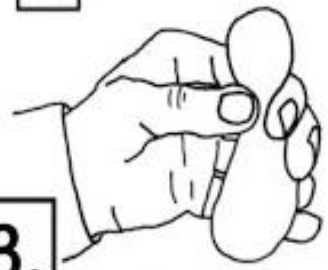

I think gentle and slow, when I am working with moist clay. Remember, gentle and slow.

1. I can roll balls of clay.

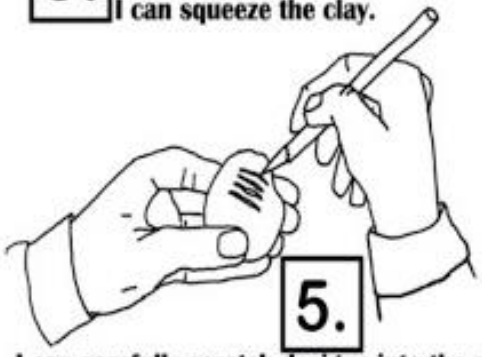

2. I can roll snakes with clay.

3. I can squeeze the clay.

4. I can pull forms out of the clay.

5. I can carefully scratch designs into the clay.

6. I can gently smooth the clay to give it a finished look and feel.

7. I can subtract (take away) pieces of clay. I can use tools or my fingers.

8. I can add clay pieces to my sculpture. They must be moistened,scored, and smoothed or, when the clay dries, the pieces will fall off.

Make the large forms first – get the shape of your model right by rolling and shaping your clay.

Add the details next; attach pieces using slip; add texture using the clay tools.
