PSHE

LO: To list ways I
can make
contributions to
my community

What do I mean by
contributions?

How do we contribute to our school community?

- Being kind
- Helping others
- Doing jobs
- Doing fantastic work
- Helping the teacher?

What is meant by a diverse community?

What about bigger? How do we contribute to our wider community - the community of Bradford? What sort of things do we do to help the people in our community? Can you list things we could do to help?
