LO: To organise the events in the story

Today we will be reading the rest of the story of Beowulf and the monster Grendel.

You will read it with your partner first.

We are going to organise the text using these statements. Can you number the statements in the order of events in the story?

1. Beowulf and the geat warriors board a ship to Denmark.
2. King Hrothgar is delighted to meet Beowulf because he thinks he will be able to save his people.
3. King Hrothar invites Beowulf and his warriors to feast before the big battle.
4. Grendel emerges from the misty moors once more to attack Heorot.
5. Beowulf grasps hold of Grendels arm and rips it off.
6. They gather for a feast to celebrate the defeat of Grendel.
