Starter: To puncatuate sentence correctly.

when I was enjoying my dinner, I was interupted by a terrible nosie.
All of a sudden, I could see a large shadow fall over me. It is an orge.

LO: To find information from the evidence to write a prediction.

Today we will be making a prediction using the information we gather from different evidence related to the new text that we will be reading.

We will start by listening to some audio:

Think to yourself:

- **What is the noise?**
- **What could be making the noise?**
- **What could be going on?**

Make notes on post it.

https://www.youtube.com/watch?v=JiSwCBF_RGY - from 20seconds to 1minute.

Now lets look at a picture from the text:

Think about:

- What is this picture of?

- What are they doing?

- How are they feeling?

- What else can you see in the picture?

I DO:

I predict.....

I predict that in the book we are reading, there will be an ogre who destroys houses to find shiny necklaces and bracelets. I think this because the sound we listened to sounded like an angry monster and in the picture, he is wearing bracelets.

WE DO: I can see.....so I think.....

YOU DO: Write your own prediction sentences

Use these prompts to help you:

- I think

- I predict

- I wonder

- because

- so
