LO: To write a 'meanwhile' insert.

Feb 9-09:43

Spelling rules - Keep or change Y?

What is the rule when we add suffixes to words that end in y?

beauty - beautiful

happy - happily

The basic rule is, for a word that ends in a consonant plus "-y," change the "y" to "i" if adding a suffix or forming a plural.

Today, we are going to write our second paragraph of our 'meanwhile insert'.

In your second paragraph, you're going to introduce the creature that turns him to stone, they will have a conversation of some sort which does not go well. Do NOT change him to stone yet. That happens in the third paragraph.

Success criteria:

- Neatest handwriting
- Full stops and capital letters
- Fronted adverbials
- Expanded noun phrases
- Complex sentences
- Direct speech with inverted commas
