Geography

Lets Read and Recap!

Our school is in the city of Bradford in a village called Clayton. A city is a large place where lots of people live. An aerial view is when you are looking down at a place from above. Today we are going to look at the aerial view of the school.

Geography- lesson 3

LO: To make a map of the school.

Use google earth to locate the school .

Write down the things in our school that you can see from the aerial view.

I do: Lets draw an aerial map of our school.

We do: Draw an aerial map of our school with your partner onto your whiteboard.

You do: Draw an aerial map of our school.

Write sentences to describe what you can see.

For example: I can see the playground.

_____

_____
