This week we are learning about sorting objects and space around us.

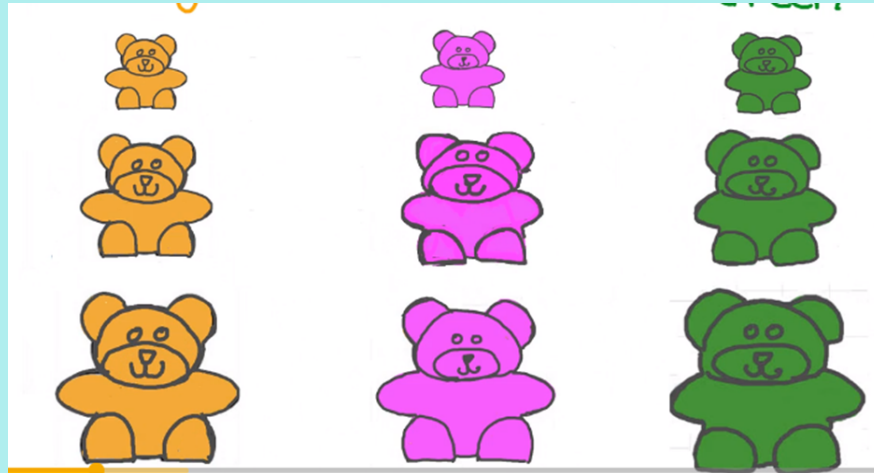

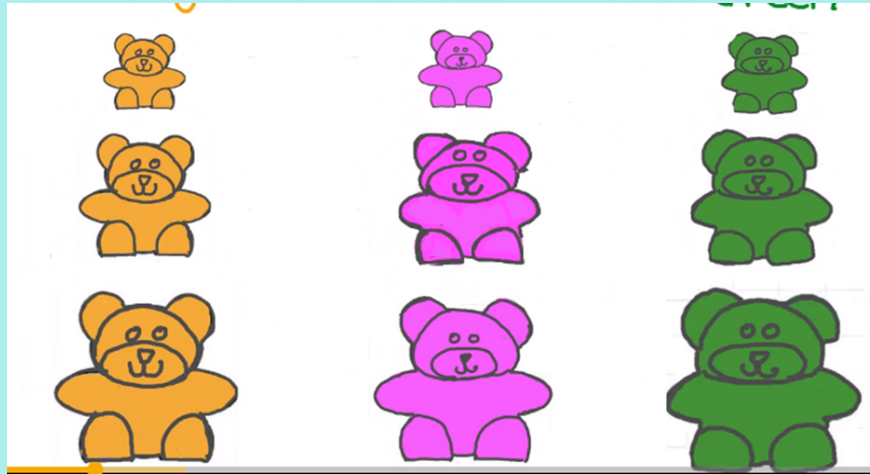

Can you tell a grown up how the objects have been sorted?

The objects have been sorted into groups of objects(by category) eg hats, balloons and birds.

How have these objects been sorted?

The bears have been sorted by colour.

Activity- find some objects in your house and try and sort them into groups.

This could be size, colour, or category

Send a photo of you sorted objects.
