Starter- Can you sort the pictures into natural or human features?

Today we are going to make a birds eye view of Clayton.

Can you remember what birds eye view means?

Use google earth to locate Bradford then Clayton.

What can you see on the map?

Can you find Clayton Beck?

Remember Beck means a small stream.

Where do you think the beck started?

Why do you think it started there?

Where does it finish?

Here are some photos of the beck.What do you notice?

I do:

Draw a birds eye

view of Clayton and the beck.

Challenge:

What does beck mean?

Where does Clayton beck start?

Where does it end?
