L.O To say how different people in the community help us and keep us safe

TP

Which people help to keep us safe?

How can we help those people to look after us?

worried

a bad fall

toothache

danger

lost

Different people can help us at different times and in different situations.

There are people who help us stay safe at home, people who help us at school and people who help us stay safe when we are out.

There are also people who help in emergencies.

Who Helps Me?

We all have special people who can help us. When we are young, we might
need more help with all sorts of things, including staying safe.

Who helps you at school?

Who helps us at home?

Who helps you art clubs?

There are things we can do to keep ourselves safe and things we can do to help those who look after us.

Can you think of anything we can do to help those who help us to stay safe?

We all need help sometimes. Even grown-ups need help from others.

We often need help from other people but we also need to help those people who help us.

What could we do?

We can listen to advice from adults.

We can look at and read safety signs

We can do what grown-ups ask us to do

We can follow safety rules wherever we are.

Helping Those Who Help Us

There is something else very important that we can do to help those who help us — talk!

Speak up if you are in trouble.

Tell someone if you think you are in danger.

Ask for help when you need it.

Why do you think this is so important to do?

Those who help us cannot help if they don't know we need help.

Task

Who Am I game

Children work in pairs, they choose 1 job off the board and ask each other questions to try and guess the chosen job.
