

Starter

Can you remember any of the names of any 2D and 3D shapes?

Write these on your whiteboard.

What do you notice about these shapes?

LO - To identify a half

Take your piece of paper and fold it in half.

How did you do it?

Discuss

Is there more than 1 way?

Look at how your partner did it

When we split something in half we make
two equal parts.

Two halves make a whole.

Take another piece of paper and fold it in half so that both parts are equal.

Play the game

Half or not half

[http://www.snappymaths.com/counting/fractions/interactive/halfornotimm/
halfornotimm.htm](http://www.snappymaths.com/counting/fractions/interactive/halfornotimm/halfornotimm.htm)

I do

Cut out a shape from the sheet

Fold it in half

We do

Cut out a square from the sheet

Fold it in half

You do

Chose a shape to cut out.

Then fold it in half so that both parts are equal.
