- To label a picture.
- To write sentences to describe how cars have changed.

twinkl.co.uk

What do you notice?
What do you wonder?

- First Read- Questions to think about:

- What was the name of the first car invented?
- How many wheels did the first car have?
- Who built the motorwagon?
- Why was the steam car not very good?

twinkl.co.uk

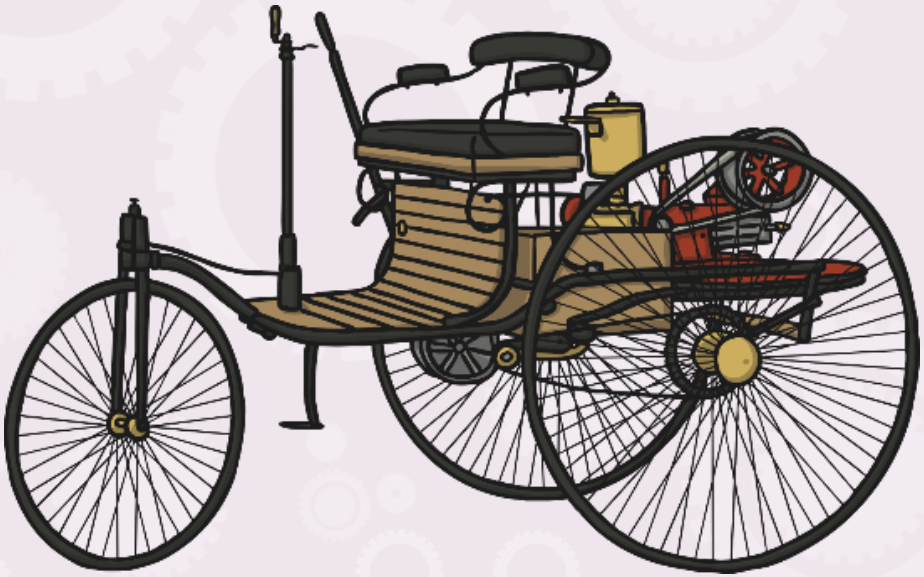

The first car that was invented was the steam car. It had two wheels at the back and one at the front. The steam made the wheels turn.

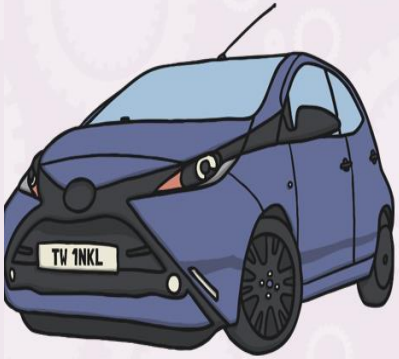

The steam car was not very good. It was very heavy and the fire needed to be re-lit a lot.
