Today we are going to write our own acrostic poem about giraffes.

Can you remember what acrostic poems are?

Lets Read, some examples of acrostic poems.

G-I-R-A-F-F-E-S

GIRAFFE necks are long

INCREDIBLE, stretching to the moon

REACH out and touch its spots

AND feed it some lettuce too

FEEL its gentle spirit

FOREVER touching the heart

EACH giraffe is an amazing

SPECTACULAR work of art!

Acrostic Poem

Giraffes have long legs and neck
In watch of predators
Racing across the African plains
Always watches over young ones
Fear of lions
Finding food for their young
Eats sharp thorny twigs and leaves
