L.O. to make a map for a Bee-bot

this is a Bee-Bot

We are going to make maps for out bee-bots to move around on.

like this one

We are going to make ours based on the
We're going on a bear hunt story.

https://www.youtube.com/

With a partner

1. Think of an animal you would like to hunt for
2. Think of some things that you have to go though

Now you have to draw your map.

Draw each of the things you have to go though in 1 square on you map make sure you spread them out.

Don't forget to draw the animal you are looking for in 1 square as well!
