Maths starter: Lets practise counting in 10s forwards and backwards.

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20
21	22	23	24	25	26	27	28	29	30
31	32	33	34	35	36	37	38	39	40
41	42	43	44	45	46	47	48	49	50
51	52	53	54	55	56	57	58	59	60
61	62	63	64	65	66	67	68	69	70
71	72	73	74	75	76	77	78	79	80
81	82	83	84	85	86	87	88	89	90
91	92	93	94	95	96	97	98	99	100

Lets write the date and title into our books.

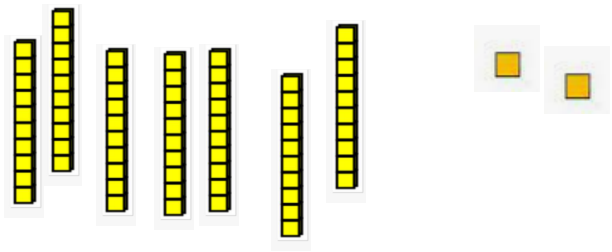

Today we are going to partition numbers.

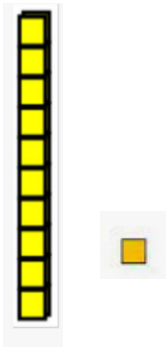

Can you remember what that means?

Partitjoning means when we break a number apart.

I do:

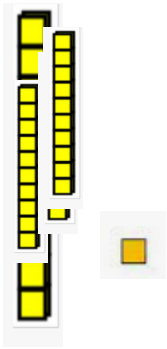

72

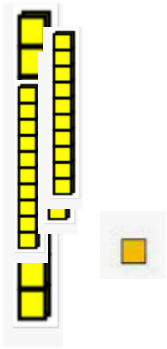

72 has 7 tens and 2 ones.

We do: Make 86 using the tens and ones.

__ has __ tens and __ ones.

We do: 70

__ has __ tens and __ ones.

You do: Choose a number below. Make it using your base ten then record the sentence in your book.

99 45 60 38 78 21 40 83 65

____ has ___ tens and ___ ones.

Challenge: I do:

Draw a number that is greater than 48.

You do: Draw a number to match the clues.

1. Greater than 69 but less than 73.

2. 1 more than 73

3. 1 less than 99.

4. Greater than 89 but less than 93.
