Today we are going to learn how to partition numbers to 100.

Can you remember what that means?

Partitioning means when we break a number apart.

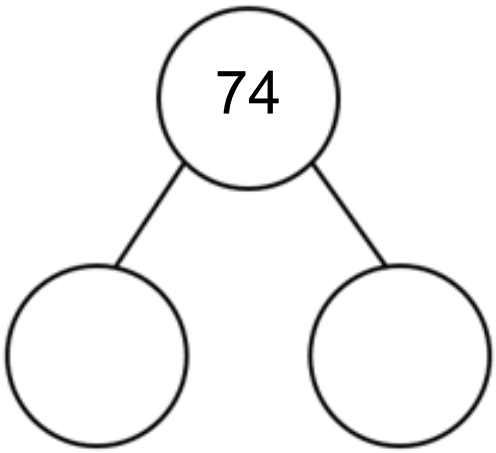

I do:

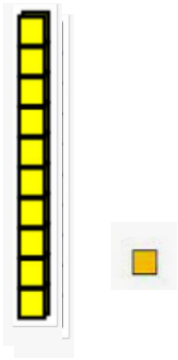

__ has __ tens and __ ones.

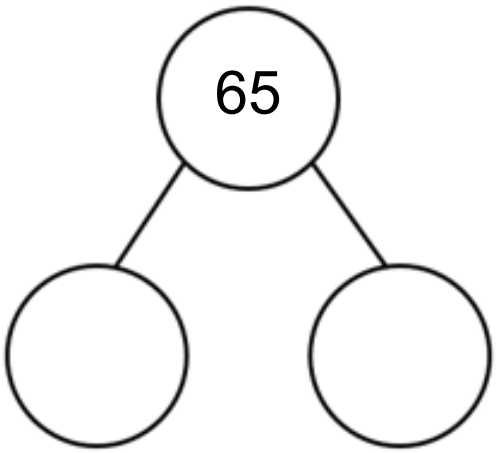

We do:

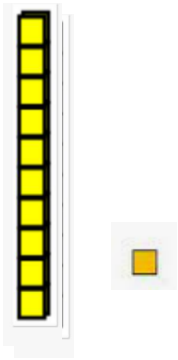

__ has __ tens and __ ones.

We do:

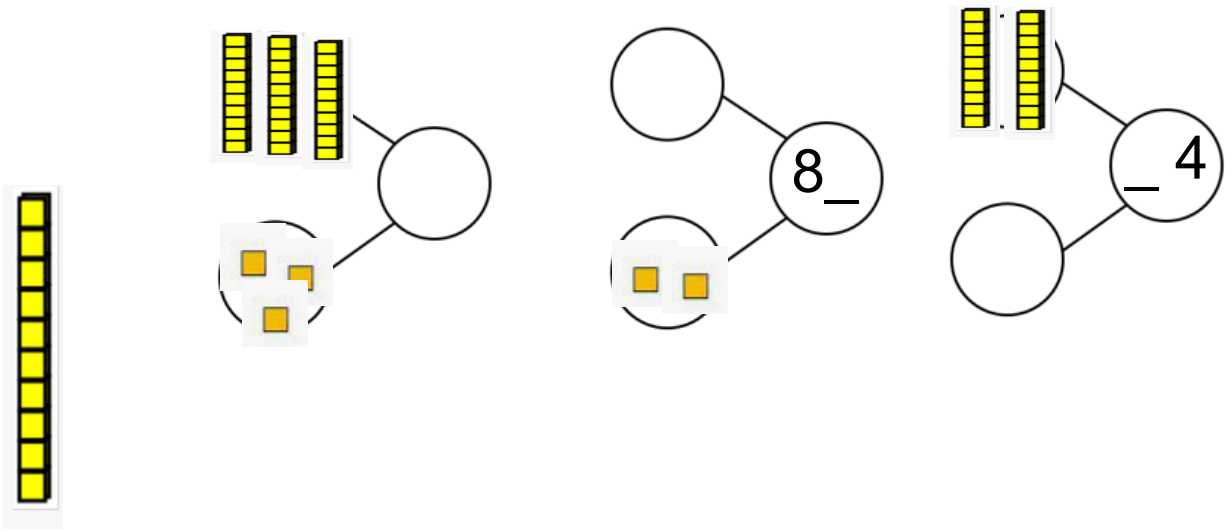

__ has __ tens and __ ones.

You do: Choose a 2-digit number. Partition the number using the tens and ones and record the sentence stem.

__ has __ tens and __ ones.

Challenge: I do
