Watch the video and create actions.

Sam had such an amazing time with his best friend called Percy the penguin. First he played hide and seek in the garden and even built a lego school. After that they jumped as high as a bird on the trampoline and snuggled in their secret den. After lunch they went to the park and Percy dipped his body in the icy lake. At tea time they decorated the Christmas tree and put some lights up. A little while later they all sat around and watched a Christmas film.
