Keeping Calm

Calming or Grounding techniques are a good way to reduce our heart rate/blood pressure when feeling worried or anxious. It helps us refocus our attention and overcome those unpleasant feelings so we can feel better and do more.

5 4 3 2 1

Take notice of your senses by thinking of:
5 things you can see
4 things you can hear
3 things you can feel/touch
2 things you can smell
1 thing you can taste

Facts

Think about and name facts about what is going on right now. For example, think:
My age is...
My name is...
I am wearing...
The weather is...
I am in...

Room Search

Think of a category and search the room for it. For example, look for:
Everything that is a ... colour
Everything that is a ... shape
Things that feel of...
Things made of ...

By thinking about things to help us calm down we can then do the things we want/need to do and feel better and happier.
