Dear Community Organisation,

We have received a large donation of new and nearly new clothing items that are aimed at helping children to study and do their homework whilst keeping warm. We need your help to get it out to the families who can benefit from this. We have a range of items in a range of ages. If you would like to find out more and can collect from Bradford city centre then please email Emily Emily.farlam@bradford.gov.uk for more info/to arrange a collection.

Thanking you in advance for your help with this.
