Tuesday 15th December
LO: To make different lines in charcoal

Nov 9-08:05

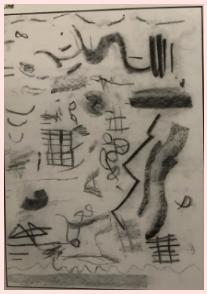

Charcoal is the oldest drawing material known to man. It is made of specially burned wood and as it is very brittle it will break easily. It makes wonderful dark lines, but it can be used lightly too. One of its special qualities is that it smudges, but today you are only concerned with the different lines you can make.

Nov 9-08:07

Activity
Protect clothes: roll up sleeves, take jumpers and cardigans off.
Try out the different types of lines you can make with the charcoal.
long, short
light, medium, dark
straight, curvy, wavy
broken
dots, dashes

You can experiment using the side of the charcoal.
Spray work with fixative once children are out of the room.
