What is PSHE?

PSHE stands for Personal, Social and Health Education. What on earth does that mean? Well, PSHE will teach you about how to look after yourself while keeping safe.

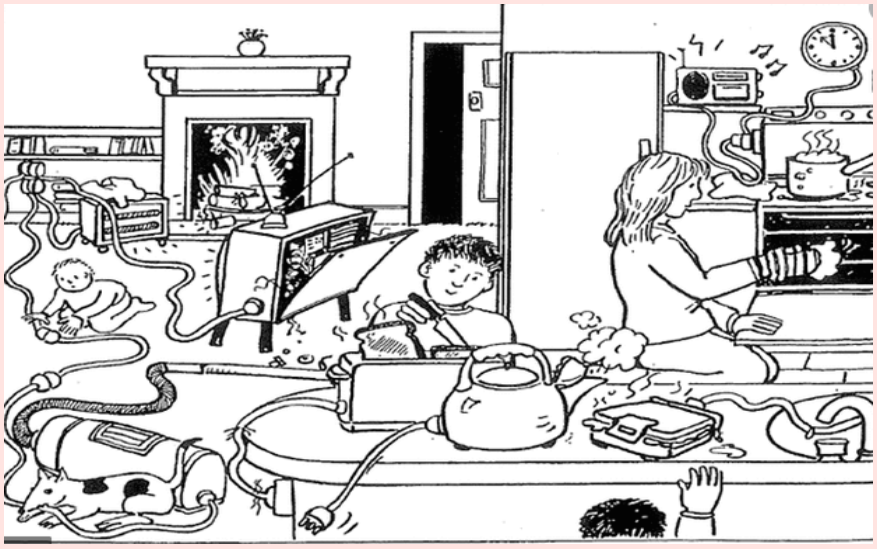

How can we manage risk in different places?

Where do you think might be a high/low/no risk place?

How might you manage risk in this situation?

Did you think your home is a low risk place? What dangers can you spot in this home?

LO: To know how to stay safe in the local environment and less familiar locations (e.g. near rail, water, road, fireworks and sun safety)

I do

What do I know about staying safe in the sun?

Make a list using bullet points:

We do

Discuss what we know about staying safe when watching fireworks

Make a list using bullet points:

You do

In your group, discuss and write a list about how to stay safe using two of the posters below:
