Tuesday 3rd November
LO: To label a diagram of a river to show the journey it takes.

Sep 17-16:06

Tuesday 3rd November

LO: To label a diagram of a river to show the journey it takes.

I do

Source	The land is flat and the river is at its widest.
Upper course	The point at which a river starts.
Middle course	The point where a river ends.
Lower course	The second stage of a river, where the land is flatter and the river wider.
Mouth	The natural bend in a river.
Meander	The first stage of a river, often located on high ground.

Source	The land is flat and the river is at its widest.
Upper course	The natural bend in a river.
Middle course	The point at which a river starts.
Lower course	Formed when the river deposits its material faster than the sea can remove it.
Channel	In the lower course, where the river meets the sea.
Tributaries	Small streams that join the larger river.
Meander	The second stage of a river, where the land is flatter and the river wider.
Oxbow lake	The river bed and banks in which water flows.
Erosion	Rain, hail, sleet and snow
Mouth	A section of a meander that becomes isolated from the main river channel and eventually dries out.
Estuary	The wearing away of the land by forces such as water, wind, and ice.
Delta	The point where the river ends.
Precipitation	The first stage of river, often located on high ground.

We do

Oct 24-16:38

Oct 26-11:58

Upper Course	Middle Course	Lower Course	Meander
Tributary	Oxbow Lake	Delta	Estuary
Mouth	Flood Plain	Source	Waterfall
Precipitation			

Put the vocabulary in the correct order of where the features will occur on a river.

Oct 24-17:40

Put the vocabulary on the correct place on the river.

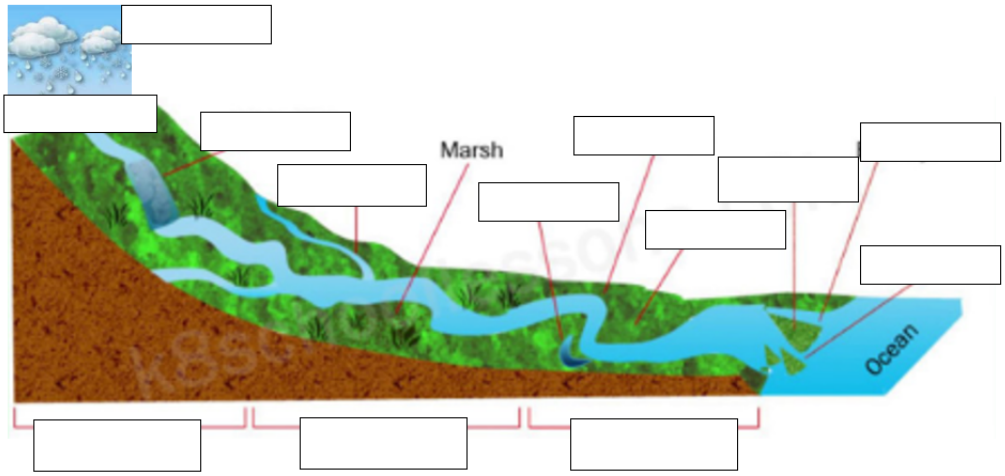

Upper Course	Middle Course	Lower Course	Meander
Tributary	Oxbow Lake	Delta	Estuary
Mouth	Flood Plain	Source	Waterfall
Precipitation			

Oct 24-18:14

Look at the pictures of rivers and discuss the journey it takes.

You will use your knowledge, the fact sheet and the pictures to enable you to label the diagram.

Oct 20-12:52

Upper Course	Middle Course	Lower Course	Meander
Tributary	Oxbow Lake	Delta	Estuary
Mouth	Flood Plain	Source	Waterfall
Precipitation
