LO: To write an acrostic poem

Today, we would like you to write an acrostic poem about Winter.

First, think of a few words beginning with each of the letters:
W, I, N, T, E and R.

For e.g. Warm, wonderful, wind and walks.
Ice, icicles, icy and incredible.
Night, nobody, never and nothing.

In an acrostic poem, the first letters of each line spell out the subject of the poem. Here is an example of what your Winter poem might look like:

Warm clothes for wrapping up warm

Incredible icicles dangling and sparkling like diamonds

Nothing much grows and most trees are bare

Terribly long, cold nights with shortest daylight

Energetic children build snowmen as tall as their peers

Ready and waiting eagerly for Spring to arrive.
